"I decided to try the Chin & Neck Applicator™, as it is a pretty sore area of concern for me. Well, my-ch-my! After my first Applicator™, there was definitely a big improvement. Much to my surprise, it worked! I was a bit skeptical at first, but now I am fully committed to this product. I love being able to put the wrap on, sit back, relax and enjoy the wonderful aroma and total awesome results. Who could be any luckier than those of us who have found this wonderful product!!"
